

Polperro & Lansallos Parish Neighbourhood Development Plan

So what has happened so far?

Since the two public meetings last summer when it was agreed that Polperro & Lansallos Parish should have a Neighbourhood Development Plan :

- A Steering Group has been formed to guide the process, its constitution has been agreed by Polperro Community Council, and Cornwall Council has officially approved the designation of a Neighbourhood Area of Lansallos Parish for the creation of a NDP. Please let us know if you would like to be involved in the Steering Group, we have 12 members so far but volunteers are always welcome
- A Communications & Engagement Strategy has been agreed, designed to ensure that the whole community has the opportunity to input to the NDP process and to be regularly informed of its progress.
- A Project Plan has been produced, setting out the tasks needed to create the NDP and a timeline for achieving these.
- A series of publicity events through the autumn and before Christmas has increased awareness in the community of the purpose of the NDP and the process for its creation, and to date 162 people have registered their interest in receiving updates about the NDP.
- A website has been launched – polperro.community – so that the community can easily access online information about the NDP process and can register for email notifications on a range of topics such as planning applications, what's on guide, updates from various Polperro organisations. The Steering Group Constitution, Communications & Engagement Strategy and Project Plan can all be found on the website, as well as the minutes of the Steering Group meetings.
- A Facebook page has been set up for social media users – this will have regular posts about the NDP's progress and related events in the community – please do like the page to help widen its reach to the community.
- From time to time posters have been put up around the parish to encourage the local community to get involved, and articles were published in the Cornish Times and Cornish Guardian following the public meetings.

What's next?

- Each of the local groups and organisations in Polperro & Lansallos Parish have been contacted and discussions are being arranged so that each group or organisation has the opportunity to provide their input on key topics already identified by other members of the community and to identify any additional issues that are particularly important to them.
- A questionnaire will be produced for distribution to every home in Polperro and Lansallos Parish, asking for views on all the important issues that have been raised concerning housing and development, employment, transport, parking and traffic flow, facilities, assets and the environment

If you have any particular questions about the NDP process or would like to volunteer to be more involved, please don't hesitate to contact us. The creation of this Neighbourhood Development Plan will need the active support of the whole community if it is truly to reflect local needs and aspirations.
